

No More Waiting!

Many customers used to ask us to add visual editor in page builder and here you are. We added this awesome feature in our new page builder framework!

The screenshot displays the 'Item Options' panel for a page builder. At the top, there is an 'ELEMENT ID' field and the title 'Item Options'. Below this, the 'Title Type' section has a dropdown menu currently set to 'None'. The 'Content Text' section includes an 'Add Media' button and a rich text editor toolbar with various icons for bold, italic, text color, background color, bulleted list, numbered list, quote, indent, link, unlink, table, and shortcode. A dropdown menu is set to 'Paragraph'. Below the toolbar is a large text area with a vertical cursor. At the bottom of the content area, a 'Path' field contains the text 'p'. The 'Margin Bottom' section features a text input field with '20px' and a checkbox labeled 'Spaces after ending of this item'.
