

Dear participants!

We are full of hope for peace in the world and for in-person meeting in Latvia this summer! We would like to inform you that the LOC decided to **extend the deadline of Early bird registration & submission of abstracts until April 19**, and consequently the notification about acceptance of abstracts until May 6.

We encourage you to register (until April 19) and submit your abstracts (if not done yet) by April 19 to ensure finalization of our Program!

We are hoping that this Symposium in Riga will reaffirm the resilience of the barley community in the face of the difficulties that have faced all of us in the past few years.

See you all in Riga!
